

PRESIDENT'S CORNER

My fellow Sportsmen,

This year is already moving fast, some say that's because we are having fun! Maybe it's because I'm getting old? This day is New Years day and I'm at the club with the S.C.O.P.E. kid's deer hunt and camp. The weekend has been great and a lot of fun. We are still eating hunt camp chili and it is starting have it's effect! (I found my blanket on the floor this morning). Seeing the kids learn more each time out is very rewarding and as worth while as anything we do as a club. I hope all of our members realize this reward during their shooting sports careers.

What will we see in 2006?

From the stand point of improvements, we can expect to see a continuation of the streamlining of operations and communications.

Our guest pass policy and procedure needs to be overhauled. The board should set the fee schedule and our members should have simple access to the passes. Look for a change in procedure and how you acquire the pass and pay the fee. We continue to update

*Don't worry,
spring will be
here soon!*

the newsletter, I hope you've noticed. Along with the newsletter we plan on an ongoing update of the website as well (www.bgslinc.com). The website is 1st and foremost a recruiting tool for the club. A lot of folks have asked that it become more of a member service and include things that at this time we can not support. The "web-master" is a volunteer job here at the club and we will only do things on the website we feel we can support from now on. A 6 month interim budget review will now take place so that we can better utilize our financial resources. March 21, 2006 will be the date for that 1st review. Look for a report after that date.

2006 will be the year that a By-Laws revision will be before you to help streamline and update the club to the times we live in. I've asked this Board and the Division Presidents to review the current document and submit proposed changes to the Constitution & By-Laws Committee. Once complete they will be compiled, hammered on and discussed by the Board. This will be a long process but one that will be well worth the effort. The final draft should be before you (the membership) sometime this summer. If you would like to be a part of this process, please talk to any board member as we can certainly use the help. A copy of the most current Constitution Handbook is available electronically, just give Kathy

Next Meeting

Tuesday — Feb. 7, 7:30pm
Please direct any membership concerns to the
BGS� bookkeeper at 859-858-4060 or
e-mail at BGSLinc.com

a call at 858.4060 or email from the website.

As these changes take place I am certain they will enhance your membership and are a help to you and the operation of the club. Sometimes changes are hard to do or get done. Change is constant in the world and if we don't keep up with change we will become a victim of it at some level. Our best defense against being victims of change is to be proactive and effect the change ourselves as we see it coming or realize the need.

The only way to be proactive is to rely on our resources. The BGS�'s biggest resource is our members and it always has been. It is our members that have built this "BLUE GRASS" that we enjoy and given us the reputation in the world we live. As our lives speed up and the world spins faster, it is our resources that get stretched. We must respond with a wider commitment from more of our resources (our members). How do we do this? The only way that I know is to lead by example and then to ask for that commitment. We must all remember that the BGS� is meant to be a "social club", a "conservation club" first and foremost. That means we do the work and we reap the rewards. For our members to utilize the facility based on "I paid my dues and that should suffice" will only get your dues raised every so often! The clubs labor budget is over \$100,000! I'm not saying that this figure is unreasonable for what we get but it will only rise in the future if we don't get proactive in the club. At this time, that figure is less than 25% of the budget and if we can keep it there in the future we will have been proactive.

You are "BLUE GRASS"!

Hope to see you at the club! (With a guest)!

At Your Service,
Greg Delabar
president@bgslinc.com

BOARD OF DIRECTORS

BLUE GRASS SPORTSMEN'S LEAGUE

Board of Directors

Minutes

Tuesday, December 13, 2005

1. ROLL CALL

President Greg Delabar called the meeting to order at 7:20 p.m. President Delabar called the roll and a quorum was present.

2. READING OF MINUTES

Motion #1 by Jacobs, second by Shaeffer to dispense with reading the minutes and accept as written. Motion carried unanimously.

3. TREASURER'S REPORT

Motion #1 by Jacobs, second by Shaeffer to dispense with reading the Treasurer's Report and accept Report as presented. Motion carried unanimously.

4. PRESIDENT'S REPORT - No Report.

5. OPERATIONS MANAGER REPORT - No Report.

6. COMMITTEE REPORTS

Motion #2 by Maness, second by Shaeffer to dispense with the Committee Reports due to the brainstorming session. Motion carried unanimous.

The Board Members broke up in different groups and committees for a brainstorming session from 7:20 p.m. to 8:15 p.m. The topics presented for discussion are attached to the minutes.

7. OLD BUSINESS

1. Front Gate. Mike Kass reported that the front gate project is progressing. Mr. Kass stated that there presently is a problem with the numbers on the cards but that should be worked out soon.

2. Budget Review. President Delabar reported that the six-month budget review will be on March 21, 2006 and that the members needed to revisit their capital projects requests.

8. NEW BUSINESS

1. Newsletter Advertising Rates. President Delabar presented new rates for advertisements in The Sportsman Trails.

Motion #3 by Maness, second by Beckley to accept advertising rates as proposed with a discount for non-platinum sponsors at the following levels: 3-6 months - 10% and 12 months - 15%. Motion carried unanimous.

2. Recruitment Incentive Program. President Delabar presented a Membership Drive and Incentive proposal to the Board. There was much discussion by the Board on this topic. Motion #4 by Kass, second by Maness to approve the proposal with the deletion of #4 Incentive. Motion carried unanimously.

3. Other Business

Mike Kass requested a donation for the Burgin Independent School System to fund the development of their Archery in the Schools Program. Motion #5 by MeWhorter to donate \$500 to Burgin Independent School System for the Archery in the Schools Program. Motion carried unanimously. President Delabar agreed to add an additional \$500 from his January President's Discretionary Funds for a total of \$1000.

9. MOTIONS

• Motion #6 by Lyons, second by Garret to approve the rimfire group of the rifle division to hold monthly matches the first Sunday of the month (March through September) on the following dates: March 5, 2006, April 2, 2006, May 7, 2006, June 4, 2006, July 2, 2006, August 6, 2006 and September 3, 2006. Motion carried unanimously.

• Motion #7 by Pinkston, second by Combs to allow BSA Troop 41 the use of the BGSL Primitive Camp Grounds January 6th, 7th, and 8th, 2006. This campout is normally attended by 25 to 30 Scouts and 6-8 Adult leaders. The troop requests the use of the wilderness campsites and the adjacent fields and woods to conduct the program. The Troop will be working with 6-8 Scouts on wilderness survival; these older boys would build a shelter from downed/dead material and sleep in it on Saturday night. Sponsored by BGSL Member John Cook. Motion carried unanimously.

• Motion #8 by Pinkston, second by Combs to allow BSA Troop 98 the use of the BGSL clubhouse and kitchen on January 6th, 7th and 8th, 2006 for the Troop's annual planning meeting. Further request the use of the Trap Range and GP range on Saturday January 7th. The Troop, as usual will perform a service project and clean the kitchen, stove, bathrooms and clubhouse. Sponsored by BSL Member Scott Van Meter. Motion carried unanimously.

• Motion by Combs, second by Pinkston to allow the Texas Defensive Shooting Academy to teach Advanced Pistol 2 class in the pistol pits on Monday and Tuesday, May 15 and 16, 2006 as a follow-up to the Advanced Pistol 1 class that has already been approved for Saturday and Sunday, May 13 and 14, 2006. Lin Edwards will coordinate the class. Motion carried unanimously.

• Motion by Beckley, second by Maness to approve Archery Division's request for an open shoot (R-100) on March 17th, 18th and 19, 2006. March 17th is for youth only and March 18th and 19 will be regular R100 tournament. Rhienheart Company has asked early this year for NASP shooter to have access the Friday of the tournament. Motion carried unanimously.

Meeting adjourned at 10:45 p.m

2005 BGSJ Junior Sportsman of the Year

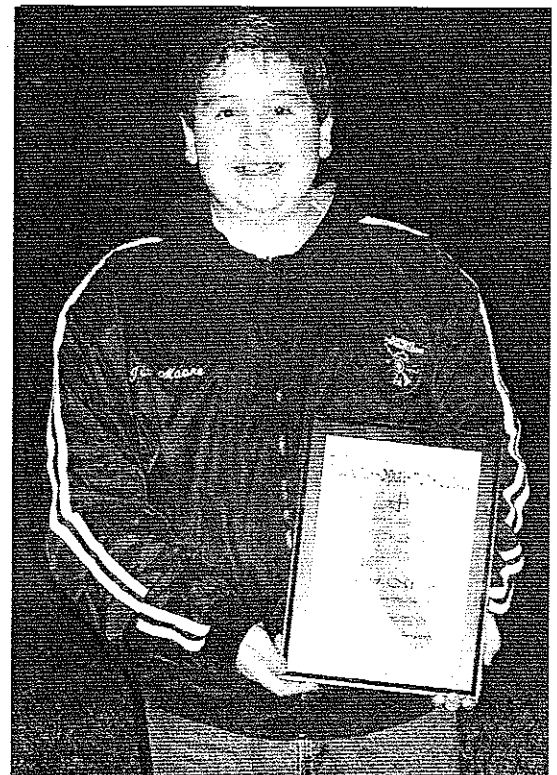

The Youth Committee and the S.C.O.P.E. program would like to take this opportunity to introduce to you the 2005 Junior Sportsman of the Year. John Moore is a young sportsman from Lexington and came to the club through the Jessamine Co. 4-H shooting sports program. He is the son of Carole Bryant and attends 7th grade at Beaumont Middle School. John is an Honor Student and on the Student Council, Beta Club and plays the trumpet with the school band.

John enjoys all the shooting sports but has very much taken up the pistol venues. Along with all the activities he enjoys with the SCOPE Program, John is a member of the BGSJ Pistol Division, Glock Sport Shooting Foundation, IDPA, USPSA and 4-H Marksmanship Club.

John and Carole have become very special BGSJ members. They came to us unsure of what to expect and have become true sportsmen. Together they reflect the true goals that the Youth Committee was formed to do and I'm very impressed with these two fine people. There is no doubt in the Committee's member's minds that this young man already is a solid citizen for the community.

Congratulations John,
You have answered the
challenge to
Pursue Excellence!

PISTOL DIVISION

Pistol club member, John Moore, was recognized as the Junior Sportsman of the year for 2005 at the January meeting of the BGS�. Congratulations John!

On Sunday, January 8th, three BGS� Bull's-eye members ventured to Cincinnati to shoot in the Cincinnati Revolver Club's (CRC) monthly 1800 (60 shots 22, 60 shots CF & 60 shots 45) Bull's-eye match. Fourteen shooters competed. Paul DeMichele fired a personal best indoor score of 1676-40X and was match winner. Close behind, and in third place overall, was Bill Hart with 1652-31X. Pete Gillis won the after match chili eating contest with a Dixie five-way and two Coneys.

Sunday, February 12, the CRC will hold its annual Indoor Sectional competition. This is a .22 only match permitting participation by a wider range of shooters. It is also a chance to fire a team match - an opportunity that does not occur often. On the way home we'll have our annual stop at Dixie Chili. The Bull's-eye division is organizing a trip to this match. We will carpool and leave for Cincinnati at 9:30 a.m. from the Waffle House off Newtown Pike at exit 115 from combined Interstates 64 and 75. Anyone interested in making this trip should contact Glen Wood.

Bull's-eye continues winter practice sessions on Friday nights from 6-7 p.m. at Buell Armory on the UK campus. Pistols are limited to .22 caliber. (Standard velocity ammunition only.) See Glen Wood (859) 492-4668 or glenwood@clarkmhc.com for details.

The Fox Bend Peacemakers begins their 8th year of Cowboy Action Shooting matches at BGS� with the first match on Sunday, March 26. Registration begins at 8:00 a.m. followed by a safety briefing at 9:30 a.m. with the match beginning at 10:00 a.m. Fee is \$15, (\$10 for BGS� members). The fee is waived for BGS� members shooting for the first time. A special match for youth will be held on Saturday, April 22. More details in next month's newsletter. For more information visit www.foxbend.com or www.sassnet.net or contact Tioga Kid, a.k.a. Byron Daniel at 333-9838 or byrondaniel@alltel.net.

January USPSA/IPSC match hosted 35 shooters. The next match will be Sunday, February 5. Contact: Barry West, (859) 885-9710 or e-mail: vikingtactical@alltel.net.

John Moore is selling raffle tickets for the Junior division of USPSA. Prizes include: DPMS low profile rifle, STI WASP pistol, Glock pistol, CZ-USA pistol, Shooter's Bag from Shooter's Connection, Blade Tec holster as well as many more great prizes. Tickets are just \$5. Proceeds help support the USPSA Junior Program. Contact John (277-9553) to buy your tickets.

Twenty nine shooters, including one new shooter, braved the cold and wind to compete in the January IDPA match. Another three hardy shooters came just for pit passes. IDPA match fees at BGS� have increased to \$15. BGS� members will receive a \$5 discount when they show their BGS� membership card at sign-in. Junior shooters 17 and younger will still be able to shoot for \$5 when accompanied by a paying adult. The match fee was increased to raise funds for range improvements including a permanent storage building at the pits, a new Pistol Clubhouse, and additional shooting bays. The next IDPA match will be Saturday, February 18.

There are just a few raffle tickets left for the Glock Pistol Certificate. Tickets are \$5 each and there will be only 200 sold.

Texas Defensive Shooting Academy (TDSA) will teach Advanced Pistol One (AP1) and Advanced Pistol Two (AP2) classes at BGS� in May. Because the first two classes are full, Len Baxley, TDSA founder, agreed to add another class if there is enough interest. If you tried to sign up in December but were told classes are full, contact Lin Edwards, (859) 273-2768 or rledwards@att.net.

Carole Bryant
Pistol Secretary

In case you missed this last month! This is a great deal for everyone, the club, the new member and you

BGS� New Member Recruitment Incentive

Incentives:

1. Recruit (5) new members in a 12 month period and receive the next years members dues complementary. (January to January)
2. Recruit (3) new members in a 12 month period and receive \$25.00 gift certificate.
3. Recruit (50) new members in an 8 year period and receive a BGS� Life Membership.
4. A top recruiter award for the most active (recruiter).
 - o Ties will be broken with a draw of names from a hat.
 - **A tracking procedure**
 - o A data base for tracking through the BGS� Bookkeeper is in place.
 - o A "sponsored by" line will be added to the application and the web site.
 - o All counting will apply at orientation with paid membership.

BASS DIVISION

The 2006 schedule seems to having something to please everyone. We have several tournaments within an hour drive of Lexington, and several weekend trips to some of the best lakes in the state of Kentucky. The only thing that could make it better is more fishermen. We would like to invite all BGS� members to come and fish with us. Just call anyone in the Bass Division and we will tell you how to go about it.

This month will be devoted to having our annual banquet extravaganza. A time of merriment, meeting the spouses and explaining to the wives why it is necessary to go to the tournament three days early to pre fish. They are very understanding.

The first tournament will be March 11th and 12th at Dale Hollow. If you like to catch small mouth, this is one of the best lakes in the country. They almost jump in the boat. Come fish with us.

Submitted by
John Lingenfelter

**BGSL Youth Committee (S.C.O.P.E.)
February 2006
Bring-A-Kid / Teach-A-Kid**

**Saturday February 19th (DATE CHANGE)
Youth Quail Field Trial
8:00 AM @ BGSL Pointer & Setter Division**

Pre-Registration Recommended

Let's go quail hunting! Bring the kids to the Pointer & Setter Division and introduce them to the dogs. This will be our annual youth field trial, we can supply everything even the quail! (guns, ammo, orange and lunch). This is always a big event and everyone always has fun.

This Division is a special treat for the kids each year. We get to meet some special people, the dogs, pointers and setters and flushers and retrievers and the guys from the division are pretty cool too. We can learn a lot; this club was founded by folks with the intent of stocking quail and providing habitat around the district and state. This is our opportunity to learn about a lot of conservation and habitat and do some shooting too.

We will get started early, 8:00 AM for the first safety orientation. There will be a second safety orientation at 12:30 after lunch for those who can't make it in the morning. The afternoon session is reserved for folks who have commitments that morning, not for those who must catch Saturday cartoons! Lunch will be served at noon.

Hunter orange is required in the field (we have some you can borrow). A hunting license is required to shoot in the field and anyone over 10 years old must have Hunter Safety Education Card. We will be checking!

Please call or email the Committee to reserve a spot on the brace list. This is a big event and we need to schedule the braces to get all the kids in. If you can't schedule, your kids will be on a first come first serve basis after the scheduled kids.

**KY Hunter Safety Education Class
February 24th & 25th
Main Clubhouse Friday and Saturday**

**March 4th
Reactive Targets
BGSL Pistol Division Saturday**

**As always S.C.O.P.E. and BGSL youth events are open to you and any friend's,
families and groups that you want to bring or let know about our program.**

(Feel free to pass this flyer along to anyone you may feel is interested.)

And there are usually no costs. Come on down to the club

E-Mail Newsletter

We are exploring ways to try and cut our expenses. One way to save some funds is to reduce the amount of mailings that take place. This newsletter is somewhat expensive to provide but remains the clubs main form of communications. We currently are compiling a data base of our members email addresses and want to convert as many members to an email delivery of the newsletter as possible. This expense is about \$12,000 a year.

If you would consider email delivery of the Sportsman Trails newsletter, please email membership@bgsline.com. You will find this address on the website on the "Contacts" page. You may also, from the website, up date your membership information with your email address. Let's be PROACTIVE!

Since 1988, this newsletter has been produced at

BGSL Electronic Security Gate

The front electronic gate that has been waiting to be moved to the new entrance is in the works and will be in operation soon. It will be a process to get everyone on the new cards that will activate the gate. Look for more information in the near future and at the next general meeting. The new gate will operate a little differently than the old gate as it will open and close the actual gate itself. **All members will need their gate cards when they arrive at the club.** We will have to change out all the old cards that slide through the old reader to the new proximity card that you wave by the reader. We will publish this process in the next newsletter so that all can get the new card and enjoy the benefits the gate will provide.

BGSL Hat Pins / Hats

BGSL hat pins are now available at the main clubhouse in the office. The cost is \$5 for the pins and \$10 for the hats. The pins turned out very nice and the hats come in a variety of colors and styles. They are nice. We also still have some 60th anniversary items left, hats, t-shirts, pins and bandannas. These are a 1 time, never to be available again items and should be in your collection. The anniversary item revenue benefit the new BGSL-E and will help in the launch of this important BGSL mission.

DECOMMISSIONING YOUR GUNS

Hi, I'm John Ruland, a member of BGS. I think the following article and author contact is of such extreme interest to all sportsmen, hunters and shooters that I urge you to read and follow up in defense of our common interests.

Alan Korwin, author, has written a book called Gun Laws of America. He also publishes from time to time articles of interest related to gun laws, lobbying, and in particular efforts of the anti-gun lobby. Following are excerpts from his latest letter where he refers to the "Secret Gun Ban Plan - New Brady Anti-Gun Strategy Revealed".

The Brady group and its congressional supporters are proceeding, and making headway, with a below-radar effort to ban operating firearms from the general public, without having to actually disarm America's 80 million gun owners.

The plan is now evolving around an innocent-sounding new legal term. It was tucked deep in a 400,000-word spending bill under President Clinton (law # P.L. 105-277), and it is now spreading throughout federal gun laws. Its latest use, the eighth, is in the frivolous-lawsuit ban just enacted (The Protection of Lawful Commerce in Arms Act, law # P.L. 109-92; S.397). Described at the end of this report, it accents a liability all Americans -- not just gun owners -- are increasingly under, a tightening legal noose few people realize is around their necks.

The phrase is "secure gun storage or safety device." It includes almost anything that will keep a gun from working. At its simplest, it's gun locks.

This and closely related tactics are sometimes called "decommissioning schemes." Gun-control advocates -- the mainstream ones who seek to disarm the public -- will essentially win their cause if they can require guns to be disabled, disassembled, locked up or turned off by remote control.

This approach is already working in National Parks where possession of a working gun subjects you to immediate federal arrest, confiscation of your property, and endless aggravation. No criminal act of any kind is required, just legal possession of personal property -- any firearm. However, a gun in pieces so it cannot be fired, locked in your car trunk is allowed. Interestingly, no statutory authority for this denial of civil rights can be found. And of course, statutory denial of civil rights would be unconstitutional on its face.

Washington, D.C., is currently under a similar "decommissioning model" too, though its registration system gets more attention. In addition to a full ban on handgun registration since 1976, firearms that were owned before that date cannot be assembled, or even carried -- at home. It's almost as good as taking the guns away, from a gun-ban perspective. Any gun use, including legitimate self defense, implies assembly and carriage, and is banned.

Even the widely hailed federal "Firearm Transportation Guarantee" (law # 18 USC 926A) relies on decommissioned guns. It was enacted as part of the Firearm Owners Protection Act in 1986, to help counteract high levels of federal abuse under the 1968 Gun Control Act. It guarantees a person the right to transport a firearm from any legal place to any

other, anywhere in the country. However, the firearm must be unloaded and locked in the trunk, rendering it useless. If you bear it in any manner while you travel, the protection does not apply.

Under Brady-supported decommissioning schemes, you can keep your guns, but if they're ever workable, or available, you become a criminal and subject to arrest. It's pretty clever actually. And it has been working, even though forced decommissioning is infringement of the right to keep arms and the right to bear arms.

The Byrne Grant program (law # 42 USC 3760) provides federal money for law-enforcement firearm training and other purposes. Changed under President Clinton, it now authorizes federal funding to train the public in the use of... gun locks. Under a gun-unfriendly administration (anti-rights advocates believe they will have this one day), little prevents this funding from going into large-scale campaigns to convince people to only possess decommissioned guns, "for safety."

While on one hand, who could rationally argue against making guns safe, gun guru Col. Jeff Cooper has succinctly pointed out that, "A gun that's safe isn't worth anything." And that turns out to be the very heart of this gun-ban plan -- a gun that's safe isn't worth anything. But gun-rights advocates know guns are dangerous, they are supposed to be dangerous, and they're not any good if they're not dangerous. Anything requiring guns to be "safe" is the true danger, and the secure storage device has now become "incentivized".

As the subtle tactic of decommissioned guns continues, the right to keep and bear arms is at risk. The next time the anti-rights factions slip in the phrase "secure gun storage or safety device," you had better look very closely. All it will take is one use, with the word "required," to wipe out our cherished Second Amendment rights. And they won't have to take your guns away to do it.

Providing an "incentive" to decommission your firearms, as this law does, is sinisterly clever. In the name of safety, you are threatened with legal nightmares that are little more than corrupt abuses of the justice system. These are the actions of a resolute and unprincipled enemy of the human and civil right to keep and bear arms.

I have contacted Alan for his permission to use this, and similar articles, in the Newsletter, to which he gladly consented and stated that if anyone wished further information, or to be on his mailing list, to contact him at:
